Astronomy and Space building

☆ The complex includes three buildings: Phra Prang, Phra Prang, and Phra Prang. The exhibitions highlight astronomy, space science, and the brilliance of King Rama IV and King Rama IX.

☆ Open Daily ☆
09:00 AM / 04:00 PM

Historical

Waghor is a historical site associated with His Majesty King Mongkut (King Rama IV), who accurately predicted the total solar eclipse two years before it occurred on August 18, 1868.

On May 16, 1889, the memorial park was established with the approval of the Thai Cabinet. It was granted the royal name "King Mongkut Memorial Park of Science and Technology" by His Majesty King Bhumibol Adulyadej The Great (King Rama IX). Today, the memorial park serves as an educational institution under the Department of Learning Encouragement, Ministry of Education.
